Corporate Finance blends coverage of time-tested principles and the latest advancements with the practical perspective of the financial manager. With this ideal melding of the core with modern topics, innovation with proven pedagogy, Berk and DeMarzo establish the new canon in finance.

Berk & DeMarzo, Corporate Finance | Pearson

Corporate finance theory seeks to understand how incorporated firms address the financial constraints that affect their investment decisions. This is achieved by using varied financial instruments that give holders different claims on the firm's assets. Recent scholarship in this area explores precisely how legal mechanisms affect corporate finance and the development of financial markets.
