Government procurement or public procurement is the procurement of goods, services and construction on behalf of a public authority, such as a government agency. With 10 to 20% of GDP, government procurement accounts for a substantial part of the global economy.. To prevent fraud, waste, corruption, or local protectionism, the laws of most countries regulate government procurement to some extent.

Fraud Deterrence/Prevention Every manager has a duty to provide a control structure and environment that will protect employees, vendors, students and others from being placed in a position where they will have both the method and

Standards of Internal Controls - Arizona State University

A contract is a promise or set of promises that are legally enforceable and, if violated, allow the injured party access to legal remedies. Contract law recognises and governs the rights and duties arising from agreements. In the Anglo-American common law, formation of a contract generally requires an offer, acceptance, consideration, and a mutual intent to be bound.
