Document Depot | Education and Early Childhood Development

Intellectual giftedness is an intellectual ability significantly higher than average. It is a characteristic of children, variously defined, that motivates differences in school programming. It is thought to persist as a trait into adult life, with various consequences studied in longitudinal studies of giftedness over the last century.

Intellectual giftedness - Wikipedia

The Summer Institute for the Gifted (SIG) provides a residential academic summer program for gifted and talented students at Emory University.

Emory University Summer Institute for the Gifted

Northwestern University's Midwest Academic Talent Search (NUMATS) is a research-validated program that utilizes above-grade-level assessment, as a means of gifted testing, to help parents and educators better understand their students' educational needs. NUMATS allows eligible students to take internationally recognized tests before the grade levels at which they are normally administered.

NUMATS - Gifted Testing | Northwestern Center for Talent

Michigan's school accountability system uses state assessment scores and other quality metrics to identify and support schools in helping students meet Michigan's standards.

MDE - Accountability

Students served by special education are among the most vulnerable children in Texas public schools. The State must provide local educational agencies (LEAs) with effective leadership and quality resources to enable them to provide the robust services and an environment of high expectations that these students require and that stakeholders expect.
